## FacelInnovate 2025

### Day 1 : 22nd November 2025

**Dr. Khalid Abdel-Galil**

**Talk Title**

Welcome & Introduction

Exoscopic Microsurgery:  
Is it the end of Conventional  
Surgical Microscopy.

Patient Specific Subperiosteal  
Implants:  
A new paradigm in complex  
maxillofacial rehabilitation.

**Dr. Dhafer M AlSuwied**

**Talk Title**

Human-Machine  
Synergy: Assistive Tech  
in Complex H&N  
Surgery.

**International speaker**

**Dr. Ahmed Alzein  
Mohamed**

**Talk Title**

AI - Guided Precision  
Radiology in  
Maxillofacial Surgery.  
Interventional Radiology for  
Surgeons: A Clinical  
Guide to Modern  
Collaboration.

**Dr. Fathi Azribi**

**Talk Title**

Head & Neck Cancers  
Medical Oncologist  
Perspective.

**Dr. Vikas Sood**

**Talk Title**

Virtual Planning and  
Simulation: From  
Analyzing to Digital  
Engineering.

**Dr. Kemal Tekeli**

**Talk Title**

AI & ML in Facial  
Surgery: Present  
Capabilities & Future  
Promise.

**Dr. Moni Abraham  
Kuriakose**

**Talk Title**

Elimination of Oral Cancer:  
Technology as an Enabler.

**International speaker**

**Prof. Jagtar Dhandra**

**Talk Title**

VR/XR Integration in Surgical  
Education: Feasibility & Challenges.

**International speaker**

**Dr. Kartic Narayanan  
Rajaram**

**Talk Title**

Innovations and  
Developments with  
Complex Facial  
Reconstruction.

**Dr. Kunmi Fasanmade.**

**Talk Title**

Advances In Mandibular  
Reconstruction

**International speaker**

**Dr. Waleed Zaid**

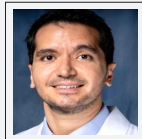

**Talk Title**

Tissue Engineering

**International speaker**

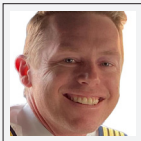

**Dr. Ahmed AlHilou**

**Talk Title**

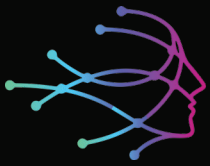

Prosthetic  
Innovations in CMF  
Reconstruction

**Capt. Alexander York**

**Talk Title**

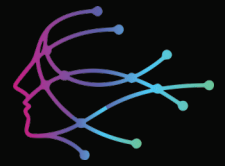

What surgery can  
learn from  
the Skies

# Program Summary Table

## FacelInnovate 2025

### Day 2 : 23rd November 2025

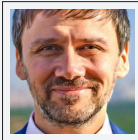

**Dr. Khalid Abdel Galil and  
Dr. Kemal Tekeli**

**Talk Title**

Craniomaxillofacial  
Trauma Session  
(Presentation followed  
by hands-on exercise)

**Dr. Kemal Tekeli**

**Talk Title**

CMF Trauma  
Management: What's  
New?

**Dr. Waleed Zaid**

**Talk Title**

Complex reconstruction  
head & Neck

**International speaker**

**Dr. Moni Abraham  
Kuriakose**

**Talk Title**

Complex Access, Critical Outcomes:  
Evolving Surgical Paradigms for  
Infratemporal Fossa  
Tumors.

**International speaker**

**Dr. Thiagarajan  
Jaiganesh.**

**Talk Title**

KEYNOTE: Faces of  
the Future: Integrating  
Innovation,  
Compassion and AI in  
Head & Neck Surgery.

**Dr. Vikas Sood**

**Talk Title**

Outcomes in  
Orthognathic Surgery:  
Does Virtual Planning  
Make a Difference?

**Dr. Colin Maciver**

**Talk Title**

Improving Outcomes in  
Head and Neck  
Oncologic Surgery.

**Prof. Jagtar Dhandra**

**Talk Title**

Widespread adoption of extended  
reality and surgical training with VR in  
Medicine & Surgery (VRIMS)

Cutting Edge  
Innovation The Future  
of Surgical Training.

**International speaker**

**Dr. Haithem ElHadi**

**Talk Title**

OMFS Training in the U.S.:  
Structure & Strategy.

**International speaker**

**Dr. Eiad Qudairat**

**Talk Title**

Innovations transforming  
healthcare education.

**International speaker**
